

Rings

Fused glass rings –all rings are set onto an adjustable base metal band either gold or silver colored that is approx 1/3” wide creating a strong surface and appropriate look for the style of jewelry and great as will fit any size of finger!! With a modern and fun look at the same time .Every piece is individually hand made with approx 6 layers of glass then kiln fused for up to 12 hours – these rings defiantly draw attention as they are so unique , chunky and artistic looking.
